and Foreign Shipping.

Leith,

10th June, 1896.

The Secretary,

London.

Sir,

In accordance with your request respecting the  
1<sup>st</sup> Entry Report on S. S. "Isle of May" I have to explain  
that, before forwarding this Report, the builders informed  
me that the owners are perfectly satisfied with the  
equipment and that they would hand me a letter to  
that effect in a few days when owners are expected to  
visit Leith. -- As I have not yet received this letter  
the figure I should not have been recommended and  
I regret the occurrence of this error & beg to suggest, that  
the classing of the vessel might be deferred until this  
question is decided. --

I am,

Sir,

Your obedient servant,

H. Reichen
