

losure.

Lloyd's Register of British & Foreign Shipping,

RENCE

Leith

14th April, 1898.

Dear Mr. Milton,

My best thanks for your letter
Electric Light S.S. "Ronen": The question raised
answered "No" under impression that each lamp
meant a fuse to each lamp, but meaning
each group of 2 or 3 lamps on one circuit of same
size wire "Yes" should be substituted & this
has now been done on the Rept. herewith returned,
hoping same may now be in order. —

I am,

Dear Sir,

Yours faithfully,

H. Paulsen
