ANSR

Sir,

With reference to Mabro's Report-No 155 on the  
S.S. "Allegheny," we find that just previous to her departure  
from this port one of the four lower anchors - vessel  
only requires three towers - was placed on shore; viz.  
the one weighing 11-0-20, and we respectfully submit  
that the report be corrected in this particular.

I am,

Sir,

Your Obedient Servant.  
Wesley Williams.
