Dear Sirs,

As it appears that your steamer "COUNTY DERRY" is now on passage from La Plata to the United Kingdom, I shall feel obliged if you will kindly let me know at what port you intend completing the Special Survey No.1, the scaling of the inside of the tank and the machinery space, and dealing with the asphalt on the bottom.

I may also remind you that the indentations of the shell plating require to be attended to.

I am, Dear Sirs,

Yours faithfully,

Secretary
