Sir

I am in receipt of your letter of the 25th inst, with enclosure —
respecting the boilers of the S.S. *Camel* Swansea Report No 6253.

And in reply I beg to state that I have made examination of the boilers under steam, and am of the opinion that the limit may be extended for five weeks.

A report is forwarded by this post. As certain alterations are contemplated when the new boilers are fitted, which affect the parts requiring to be surveyed to complete the 2nd S.S. No 3. The Sup^t would like the completion deferred till then.

The Owners letter is returned herewith
