"Iriaonia"

166

London

Received by Chief Surveyor

VESSEL'S NAME

I. I. Iriaonia

Received from Chief Surveyor

Report Two No. 372.

The remarks of the Chief Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

First Entry Report.

It is submitted that
this vessel is eligible for
THE RECORD.

+ L. M. C. 8,98 Blue Light.

It is intended that this vessel should steam out to Borneo burning coal, when then the boilers are to be fitted to burn liquid fuel.

It is submitted that the surveyor be advised & requested to report to this Office when this has been done when "burning liquid fuel experimental" is to be noted in Register Book. This will probably be done in about 2 months. A list of ports at which the Society has

Surveyors should be sent to the Owner & they should be requested to state at which port the work will be done under the supervision

of a Surveyor.
