Topsham August 17th 1864

I hereby certify that from the 14th to the 20th of January 1864. I superintended the proving of 240 fathoms of $1\frac{3}{8}$ cable for the Barque 'John Holman' it bore a strain of nearly 35 Tons without parting. I proved at the same time 105 fathoms of $7/8$ in. Stream cable which bore equally well a strain of about 14 Tons—

(Sg^d) William J. Helmore.
