IN HOLMAN & SONS,
THE WESTERN CLUBS,
TOPSHAM.

Topsham, Aug 27th 1864
to "John Holman"

Geo W Seyfang Esq
Dear Sir

We enclose
copy of Certificate of proof
of Chain cables handed
to the Navy together with
particulars of Anchors
put on board -

We make our own
anchors from the best
iron at a net cost of
some four to five Shil-
lings per cwt over the
Market price and
draw at a Machine
that has been in use
for many years and

which we know to be
correct -

The Anchors are
taken from a number
we have in stock and
over the weight required
by Rule.

We may observe
that the Ship and Cargo
are wholly insured in
this Office so that we
have a double interest
in being perfectly satisfied
as to fit out -

We trust the Committee
will grant the usual Cer-
tificate of Class as usual,
as the Ship is now at

Swansea Hoading outwards
Yours truly
John Holman & Sons
