Sir,

Since writing you this morning
under the above date, we have received a
telegram from Messrs J & W Bolitho stating,
that Mr Matthews' report on the Eliza Bevis
is defective, and that in consequence she
will not be classed to day. We write now
to say, that the owner fully relying that she
would have been classed to day, has com-
menced taking on board a cargo of Fish,
and ^{she} will be ready for sea on Tuesday morning
next. Under these circumstances we hope
you will be able to send us certificate of
Registry before that day.

Yours
or are.
