Dear Gentlemen!

* Supp 66 "L. J. Enthoven"

It was the 2^d Sept: of the last year
that we had the honour to invite Mr. H. W.
Loos, Captain of the Lloyds Register of British
and foreign Shipping at London to inspect
our Ship, De Lathou and to tell us what
repairs we must make to said Ship to keep
the same class we had namely first class.
The reparations we therefore ordered we have
made, Mr. Loos had inspected the Ship and
promised us a certificate first class for four
years, while the ship was in every thing
those class worthy.

At this morning the ship is ready for
sailing, Mr. Loos had us several times
promised he should send us the certificate,
however fruitless, and therefore we take the
Liberty to ask your Kindness to inform us
whether the reasons we have now shall remain
above named certificate.

Yours truly,

A. Groot Poelants
