

Received by Chief Ship Surveyor 23.6.00

Received from Chief Ship Surveyor

VESSEL'S NAME Steel S.S. "Island Queen" Report Rot No. 2959^d

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

*The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement. — Extract from Sub-Committee's Report, 24/5/92.

Nature of Survey

1st entry.

It is submitted that before this case receives the consideration of the Committee the Sunderland Surveyors should be informed that this vessel is being towed to their port to be fitted with engines and boilers, and those parts which remain unfinished, including 3 ~~strong~~ ^{through} beams in way of engine and boiler casing, require to be completed to their satisfaction, and they should be requested to give the case the necessary attention, and on completion of the work in question to report upon the same for the information of the Committee, with a view to the vessel's classification.

Inv. to Sld.
23/6/00.
