

Surveyor 21. 8. 00

Received from Chief Surveyor

S.S. No 104.

Report Rot. No. 2990

The Chief Surveyor are desired on this case for the consideration of the Classing Committee.

to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also  
early any exceptional features in connection with the case, so that the Classing Committee may have all the salient points  
of the case. — Extract from Sub-Committee's Report, 24/5/92.

et entry.

It is submitted the Newcastle Surveyors be informed that  
Amsterdam Surveyor reports that the engines & boilers will be fitted  
with Shields - and that all parts of the hull have been finished  
that only a few plates in top of casing aft require to be riveted  
the boiler is in place. They should therefore be requested  
see that the work remaining to be done to complete the vessel  
carried out to their satisfaction & report the particulars in  
usual manner with a view to the vessel's classification.
