Dear Mr. Johnstone,

With reference to
your letter of the 26th Inst. regarding
the S.S. "Norman" I have had
our request forms and steel test
books looked up and I find that
some steel material for the frange
- mouth Dock Yard C:6 N:14 was
tested by us at this port and that
some of it was made by Messrs Colville
& Co, Steel C: of Scotland and by the
Morand and Summerlee Steel C:

From this evidence I think it would
be quite safe in stating that the
material for this vessel was tested
by

£

by the Surveyors to this Society.

Yours faithfully
J. J. Dredge
