Received from Chief Surveyor \_\_\_\_\_

VESSEL'S NAME SA S/S "Norman" aka "Albert Dumais" Report SLS No. 19752A

The remarks of the Chief Surveyor are desired on this case for the consideration of the Classing Committee.

(\*The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement.—Extract from Sub-Committee's Report 24/5/92.)

Nature of Survey \_\_\_\_\_

It is submitted that before this case receives the consideration of the Committee, the Surveyors should be informed that the evidence and particulars regarding the testing of the steel are not considered sufficient, and they should be requested to obtain some of the material taken from the vessel, and arrange for the testing of the same, and forward the results to this Office. *They should also again endeavour to obtain results of the tests made during the construction of the vessel.*
