M.

5 Encl.

22nd. July. 1899.

Gentlemen,

I am in receipt of Mr. Johnstone's letter of the 20th. instant, respecting the S.S. "NORMAN" (ex "ALBERT DUMOIS"), and with regard to this case I have to request that you will state whether from the evidence you have been able to obtain, you are satisfied that the steel used in the construction of this vessel was tested as required by the Society's Rules, and whether from the examination of the ship which you have now you are of opinion that the material is of good quality.

Further, you should write out a report of this vessel on a first entry report form, and fill in the particulars of scantlings, equipment &c. in the usual manner.

The plans are returned herewith for reference in doing this.

I am, Gentlemen,

Your Obedient Servant,

Secretary.

The Surveyors,

SUNDERLAND.
