Received from Chief Surveyor \_\_\_\_\_

VESSEL'S NAME St. S. S. "Norman" ex Report Slid. No. \_\_\_\_\_  
"Albert Junior"

The remarks of the Chief Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report 24/5/92.)

Nature of Survey \_\_\_\_\_

Classification

It is submitted that before this case receives the consideration of the Committee the Sunderland Surveyors should be requested to state whether from the evidence they have been able to obtain they are satisfied that the steel used in the construction of this vessel was tested as required by the Society's Rules, and whether from the examination of the vessel which they have now made they are of opinion that the material is of good quality.
