

Lloyd's Register of British & Foreign Shipping.

56, John Street, Sunderland.

9<sup>th</sup> April 1896

Dear Hunter.

I notice that in  
the first entry report of  
S. S. Montali claimed  
last week that the moulded  
depth is given to Spar deck  
instead of Main deck.

Please put this into the  
hands of someone to  
prevent error in the Register  
Book.

Yours in haste  
William S. Sharpe  
Should be 27.1 not 24.2
