

Sept^r 15/60

It is necessary that Miss³ Barr & Shearer
should furnish The Committee with a Midship
Section, and dimensions of the Ship in question,
also the space ^{between} and mode of fastening Upper
Deck Beams, likewise the spaces between,
dimensions of, and mode of fastening the
Lower Beams proposed, and that the same
be submitted thro' the Surveyor of the district,
who has the Ship in Land, with any remarks
which he may have to make thereon
