Amos W. J. J.

Sir

In answer to your Letter, just received, of the 30th ultimo referring to my report N^o 1394 Barkentine S. W. Palmer, and requesting me to state whether this Vessel has a poop or raised deck, I beg to say that she has and that the same is well secured and thoroughly fastened -

Regarding the houses on deck they are for the Captain, owner and officers aft - and in midships for the crew, cook house & stores.

With reference to the extreme proportions of this Vessel being 10.8 depths in length I beg to say that the break of deck is thoroughly strong and well connected with third ship, deep and heavy coamings well kneeed & thoroughly bolted -

In my opinion the longitudinal strength

J. W. Warrant, 82

My dear Sir,
In answer to your letter
of the 20th inst.
referring to my report of 10/10/82
concerning the W. Warrant and
requesting me to state whether
this vessel was a ship or vessel
check I beg to say that she had
and that the name is well known
and thoroughly fastened -
Regarding the names on the
ship and for the Captain, Master
and Officers - and
my attention for the Green, Captain
and others.

With reference to the
proposition of this vessel
10.8 steps in length
that the boat of steel is
strong and well covered
the ship deck and beam
will be used & thoroughly bolted
over the top of the
structure

has been duly maintained & I think
that she is a very faithfully
built vessel & I trust the
Committee will grant the
Class as recommended.

I am still very well
from my late ^{severe} illness but
directly I am "able to travel"
with safety I will return to
St. John N. B.

I am
Your Obedient Servant
C. R. Parker.
