

Bke "H. W. Palmer" This vessel  
has been built under the Survey of  
Mr Foker and is recommended to be classed  
9A.1.

Dimensions 138.3 x 32.7 x 12.8.

Proportions 10.8 Depth in length

It is submitted that Mr Foker should be  
requested to state whether this vessel  
has a poop or raised quarter deck, as  
the report is not clear on this point, He  
should also state the nature of the Stowes  
on deck aft which measure 32 Tons in  
addition to the 49 Tons for Poop or raised  
quarter deck; and in view of the  
extreme proportions of this vessel,  
being 10.8 depths in length, he should  
state in what manner the break  
of deck has been strengthened, and  
whether in his opinion the longitudinal  
strength has been duly maintained.

J. H.  
31/10/82

Lt. Col. St. John Sur.  
31/10/82.
