Mr Maymoult to respond hereon

SPB

The "Laughing Water" was a plant when we saw her, she is of peculiar construction, for which the Builder has a Patent - he examined her as closely as circumstances would admit of, from which, and the description given by the Builder, I am of opinion that if the suggestions contained in the letter are carried out efficiently, she may be fairly entitled to the consideration of the Committee for the A class, but I should be better satisfied first by seeing her in Dry Dock - I may add that she has three floors, and was not built under Survey, consequently cannot class beyond 4 A - 13 Maymoult

Dear Sir - I am sorry that of  
the several recommendations in question  
(re: the) are unnecessary the Comtee  
will be ready to consider his claims  
to clarification.

But what is  
wrote the necessary that the  
should be seen in any work or  
on this, and that the Comtee  
hearing from him that the

is ready for survey  
and some orders  
according to the
