

10 Napier Street. New North Kent  
7 March /55

Charles Graham Esqr

Sir

I regret again to have to call  
your attention to the Barge 'Avery' built by me at  
Sholdon. I certainly did not consider when I wrote  
you to request the certificate should date from the  
End of the year, that the Ship would be classed 11 years  
on the Book. & feel confident that if the Gentlemen  
of the Committee will again examine the great additional  
fastening of Iron knees, in addition to the shelf piece  
they will see, that the 'Avery' is entitled to class 12 years  
their Book. The Owners of the said Ship in connection  
th myself, specially employed Mr. Lockings the local  
Surveyor, who we think should have pointed out the error  
reference to the Waterways. but I was not told there was an  
until the Ship was nearly completed. I trust  
therefore

The Gentlemen of the Committee will allow me  
a personal interview when I can fully explain  
to them any thing they may wish to ask  
I have the honour to remain

Sir

Yours respectfully

Henry Follett

March 3  
Mr Follett admitted  
Lggs: cases 6-12 Dec 1

Mr Follett - approved personally
