Charles Graham Esq
Sir

135
The Clitus

It was quite an omission of
mine in copying the Survey, by leaving out
the Pointers, I have them in the Original
taken, and am sorry to give you additional
trouble by my mistake, if you will be
pleased to send another Certificate. I will
pay for it, and remain Sir

Yours Most Serv^t

John Holman

The Amended Survey would have been forwarded
before but Mr Dwyer was from home so I could not
get it signed by him
