

I hereby Certify that all the objections stated
 in the Notices received by me from Mess^{rs} Gruze
 & Martin have been properly replaced so as to entitle
 this Ship "Dolphin" to be Classed 12A and I further
 declare that M^r Halman saw that they were so
 replaced upon my sending for him to do so
 + Mr Mansfield states
 that this is a mistake. London Aug 26/51

I John Mansfield
 What do you understand by the
 expression partially checked & Domelled?
 Mr Martin

This term is used when part of the frame
 is Chock^d, and part Domelled, both being efficiently
 done for the intended grade.
