No. 53556

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—*Extract from Sub-Committee's Report, 24/5/92.*)

The Cardiff Surveyors report the vessel afloat and on account of damage through loading cargo some rigging was found broken.

It would appear that the damaged rigging has been renewed, but owing to an oversight on the part of the Owners the repairs were not examined.

The Surveyors recommend repairs to rigging be examined at the first opportunity.

It is submitted the vessel appears worthy to remain as classed without record of survey, subject as recommended.

As Now, Subject, etc.
