

# Lloyd's Register of Shipping,

Imperial House,

Donegall Square East,

Belfast, 25th January, 1939.

Reference

Dear Mr Thomson,

MESSRS. HARIAND & WOLFF'S NOS.1016/1017.  
APPROVED DECK PLANS.

In checking over the scantlings of the forecastle deck beams from approved plan it is noted that these are 8 x 3 x 3 x 36/44 channels on alternate frames. On the approved plan, the word "alternate" is not used, but the beam lines, although faint on the print, are shown on alternate frames. This forecastle is an erection upon an erection and the span is less than 3 row size, so I have had difficulty in checking up the beam sizes against the Rules. Would you kindly confirm that these beams are approved for alternate frames?

With kind regards

Yours faithfully,

*A. P. Scott.*

W. Thomson, Esq., B.Sc.,  
LONDON.
