71, Fenchurch Street, E.C. 3.

5th September, 1938.

Dear Sirs,

M.

I am in receipt of Mr. Cocks' letter of the 2nd instant respecting Messrs. Harland & Wolff Ltd.'s Nos. 1016 and 1017, and in reply I have to state that if side stringers are dispensed with in the panting area the increase in the thickness of the shell plating should be applied to all strakes, and not only to the strakes suggested by the Builders.

I am, Dear Sirs,

Yours faithfully,

Assistant Secretary.

The Surveyors,
BELFAST.
