I return herewith two copies of each of the plans, forwarded with your letter of the 8th instant, of sternframe, shaft brackets and rudder for Messrs. Harland & Wolff's Nos. 1016/7, and with regard thereto I have to state that provided the arrangements be carried out as shewn and to your satisfaction, they will be approved.

The alternative rudder plan, in which the rudder plates are to be attached by electric welding, is being considered and will be returned tomorrow.

The remaining copies of the plans are being retained for reference.

At the same time I have to acknowledge the receipt of your telegram of today reading as follows:-

"Harlands pressing approved stern frame and rudder numbers  
"1016 and 1017 Stop If possible please forward plans today".

I am, Dear Sirs,

Yours faithfully,
