Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

ENCLOSURE.

7th September, 1938.

Dear Sirs,

Harland & Wolff's Yard Nos.1016/7.

E.

I send herewith for your information a copy of a letter which has been received from Messrs. J. & E. Hall Ltd., Dartford, respecting the refrigerating installations to be supplied by them for the above vessels, from which you will note that the prime movers are to be constructed by The Brush Electrical Engineering Co., Loughborough, as in previous cases.

In this connexion I have to refer you to Sheffield Certificates Nos.C.5640/1, dated the 7th July, 1936, relating to the survey of the Diesel oil engines supplied by The Brush Electrical Engineering Co. for the previous installations, and shall be glad if you will let me know whether the amount of survey work in the Loughborough district is such that you will be able to carry out the inspection of the engines now under notice at a fee of £34.0.0. (for 2 ships), inclusive of travelling expenses.

The Surveyors,

SHEFFIELD.

I am, Dear Sirs,
Yours faithfully,© 2019
