Dear Sirs,

BLUE STAR LINE

In connection with the above contract, which as you know is a repeat of the previous orders which we carried out, we have in stock 16 - Con. Rods which we would naturally like to use.

We would guarantee these to be to exactly the same specification for materials etc., as previously passed by you and in view of this, we would be glad to know whether you would sanction their use and waive the usual test pieces.

Yours faithfully,

For and on behalf of  
THE BRUSH ELECTRICAL ENGINEERING CO. LTD.
