Dear Sirs,

BLUE STAR LINE

We are informed that clients wish to have the first two engines delivered before the end of the present year.

We can only do this if we are allowed to use two crankshafts which we have in stock and which are in every way similar to the new crankshafts on order. These shafts were supplied by the Monk Bridge Iron & Steel Co. Ltd., and Messrs. Mitchell Shackleton & Co. Ltd., respectively and we should be glad to let you have the necessary test certificates.

Yours faithfully,
For and on behalf of
THE BRUSH ELECTRICAL ENGINEERING CO.LTD.
