18th October, 1938.

Dear Sirs,

Messrs. Harland & Wolff Ltd., Yard Nos.1016/7.
The Blue Star Line Ltd.

E.

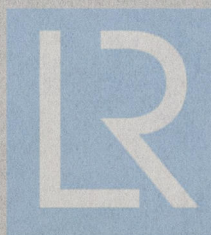

I am in receipt of your letter of the 13th instant, forwarding a copy of one received from The Brush Electrical Engineering Co. Ltd., in which they intimate that their clients wish to have the first two engines delivered before the end of the year, and that in the circumstances they can only do this if they are allowed to use two stock crankshafts.

The matter has been looked into and I shall be glad if you will inform The Brush Electrical Engineering Co. Ltd. in reply that as the Society's Certificate is required for these engines, it is considered that the crankshafts should be made and tested in accordance with the Rules.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
SHEFFIELD.
