Dear Sirs,

E.

I return herewith one copy of each plan, forwarded with your letter of the 3rd instant, of electrical equipment proposed for Messrs. Harland & Wolff's Yard Nos. 1016/7, and have to inform you that these plans will be approved provided the installation be as shown and amended thereon and to your satisfaction, the remaining requirements of the Rules for Electrical Equipment be complied with, and the loadings of the cables be found satisfactory.

I have to add that before the cable sizes shown on the plans can be approved, full particulars of the magnitude and nature of the load on each cable will require to be submitted.

It is concluded that plans of the main distribution boards with cable sizes and loadings, and details of the main switchboard, will be submitted for consideration in due course.

I am, Dear Sirs,  
Yours faithfully,
