

Messrs. Harland & Wolff's Yard Nos. 1016, 1017.

Welded Air Receivers.

IT IS SUBMITTED that the plan of welded air receivers merits approval, as shewn and amended, for a working pressure of 356 lbs/ins², provided the receivers be constructed as Class 2 vessels in accordance with the Rules for Welded Pressure Vessels.

The Surveyors' attention should be drawn to the requirements governing the construction of Class 2 pressure vessels as detailed in Section 3 of the above mentioned Rules.

Return 1 plan.
Retain 1 plan.
