("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey \_\_\_\_\_

It is submitted the Hartlepool Surveyors' attention should be called to the Secretary's letter of the 10th May last, and they should be requested to state whether a total length of chain cable of 480 fathoms has been supplied as approved on that date, or whether they are correct in reporting that only 330 fathoms have been placed on board.
