AMERICAN COMMITTEE

of

Lloyd's Register of Shipping

17 BATTERY PLACE

NEW YORK

Appointed by the Department of Commerce to Assign Load Lines under the Provisions of the Act of March 2, 1929.

REPORT OF ANNUAL LOAD LINE INSPECTION

PORT OF Boston, Massachusetts

DATE September 17, 1940

THIS IS TO CERTIFY that the undersigned Surveyor to this Society did at the

request of Messrs. Mystic Steamship & Company

and the SS "Winding Gulf" Official Number 216767

Boston, Massachusetts at South Boston

the 16th day of September, 1940, for the purpose of inspecting

(a) protection of openings, (b) guard rails, (c) freeing ports, (d) means of access to crew's quarters, and found same to have been maintained in an effective condition; also, that no alterations had been made to hull or superstructures which would affect the calculations determining the position of the load lines.

These certificates were endorsed in accordance with the regulations of the Department of Commerce.

The vessel was examined while lying afloat at the Boston Edison Company's Plant, South Boston, Mass.

Thomas Barrie

Surveyor.

\$25.00

Is fee paid.....

Surveyors should note that there is only one valid certificate, and the above endorsement should be made thereon. No entry should be made on a certified copy of the certificate unless the original certificate has been produced to and endorsed by the Surveyor.
