FRI JUL 30 1920 (To be attached to S.F. Report No 3304)

SAN FRANCISCO.

July 8, 1920.

P. McINTOSH.

The Moore Shipbuilding Company, Builders of the Steel Screw Steamer "VACUUM", also of P. A. Becker Esq., Lloyd's Agent, San Francisco, survey the said vessel for the purpose of ascertaining the nature and extent of damage which may have been sustained through grounding after being launched in the Oakland Estuary on May 1st 1920.

For particulars see sworn statement of Mr. J.A. Moore, a copy of which is hereto attached.

On May 10th 1920 while the vessel was lying on dry dock where she had been placed as recommended, the undersigned upon examination found that the vessel had sustained no damage.

(Signed) P. McIntosh  
Surveyor to Lloyd's Register.

Billed July 8, 1920.
