

s.s. "ELLENGA"

In reply to telephone enquiry the British India Steam Navigation Co. state that the disposal of this vessel is in the hands of their Calcutta Agents, Messrs. Mackinnon, Mackenzie, with whom they suggest that our Calcutta Surveyors should keep in touch. They agree that in the special circumstances the Calcutta Surveyors should be asked to survey the vessel before proceeding on her voyage to Bombay with a view to the issue of an interim certificate for the voyage.

They would therefore appreciate the Committee's indulgence in deferring cancellation of class until her arrival at Bombay and to the necessary instructions for the issue of a certificate for the voyage being sent to the Calcutta Surveyors.

22nd July, 1947.
