

Steamer "ELLENGA".

Capt. Liddle of the British India Steam Navigation Co. confirms that his company desire to sell this ship for breaking up, and that negotiations are in hand to this end.

Up to the present, however, Ministry sanction for the sale of the ship has not come through, and the British India Steam Navigation Co. would therefore be glad if the posting of a notation "to be broken up", be deferred for a short time.

3rd July 1947.
