16th April, 1947.

MTA.

ELLENCA. The contents of your report are noted and in view of your recommendation regarding the Special Survey and of the nature of the repairs about to be carried out to the boilers, it has been considered desirable to withhold the record of BS 5,46 and assign a new fresh docking date pending the receipt of a further report from

Your recommendation regarding the submission of the vessel to a Special Survey is concurred in, and it is concluded that you have informed the owners' local Agents regarding this matter, and also regarding the pending repairs for completion of the Boiler Survey.

,966. As recommended.
