3 - FEB 1948

Lloyd's Register of Shipping.

Port SAINT JOHN, N. B.,

JANUARY 29th, 1948.

This is to Certify that I have

Surveyed the twin screw steamer "PORT MELBOURNE" of London, 9142 tons gross, on January 9th, 1948 whilst lying afloat at Saint John, N. B., for DAMAGE, if any, stated to have been caused when the tug "Ocean Hawk" collided with the vessel whilst moving from Berth No. 17 to Berth No. 9 at Saint John, N. B. on January 9th, 1948.

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report, stating that all repairs recommended by me have been completed to my satisfaction, and

that I have Recommended that she be continued as classed without fresh record of survey, subject to rudder etc. being specially examined at next drydocking (collision); also subject as may have been previously recommended,

being fit to carry dry and perishable cargoes.

*W. Heacie*

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—  
 "While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
