 on the Machinery of the ~~Wood, Iron or Steel~~ S. S. "ADMIRAL HALSTEAD"
 (Gross 3289) Vessel built at Newark, N.J. By whom Submarine Boat Corp.

COPY.

Lloyd's Register of Shipping

27 OCT 1947

Port SAN FRANCISCO

10th SEPTEMBER 1947.

This is to Certify that I have

Part
 Surveyed the ~~Boiler~~ and Machinery of the S. S. "ADMIRAL HALSTEAD"

3289 tons gross of San Francisco whilst in dry dock at Alameda,
 California on the 2nd July 1947 and subsequently

and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that ~~all~~

~~recommendations made by me in connection therewith have~~

~~been carried out to my satisfaction and that I have~~

Recommended that the ~~record of~~ machinery of the vessel

remain as classed without fresh record

~~be made in the Register Book in the case of this vessel.~~

subject to the main turbine being repaired before proceeding to
 sea. Laid up pending survey.

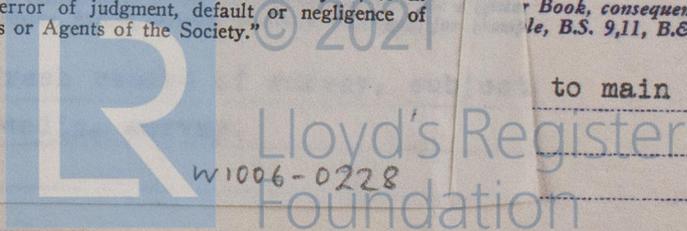

(Signed) E. MARLBOROUGH

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
 cuted, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
 ever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in
 entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of
 of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
