Lloyd's Register of Shipping.

Port

BRISTOL.

26th May, 1948.

This is to Certify that I have

Surveyed the ^{part}Boiler and Machinery of the steel screw steamer

"CLAN PARQUHAR" 7958 tons gross of Glasgow, whilst the vessel lay afloat at Avonmouth on the 25th May, 1948,

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have

Recommended that the record of FLNG

be retained in the Register Book in the case of this vessel, subject to the starboard main engine HP cylinder being examined on the vessel's arrival at Glasgow and subject to all other conditions of class as previously recommended.

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
