## INTERNATIONAL CONVENTION for the SAFETY OF LIFE AT SEA, 1929.

### SURVEY OF RADIOTELEGRAPHY INSTALLATION

(Port) New York

(Date) March 14, 1940

I have to report that I have surveyed the Radiotelegraphy Installation on board the "PANAMANIAN", 15903 tons gross of Panama (signal letters                     ) and found same to be in accordance with the requirements of Articles 26-32 inclusive and 47 of the International Convention for the Safety of Life at Sea, 1929.

	Requirements of Articles 26-32 and 47 of the said Convention	Actual Provision
Hours of Watch	( Continuous	( 8
Whether approved auto-alarm fitted	( -	( Yes
Whether Separate emergency installation fitted	Yes	Yes
Minimum number of operators	One	One
Additional operators or watchers	None	None
Whether direction-finding apparatus fitted	No	Yes

I have surveyed this ship for the purpose of ascertaining whether a Safety Radiotelegraphy Certificate should be issued by Lloyd's Register of Shipping under authorization of the Government of the Republic of Panama and the survey has been completed to my satisfaction.

In my opinion, the vessel is eligible to have Safety Radio Telegraphy Certificate issued subject to the following:—

Fee \$25.00

N. P. Taylor  
Surveyor to Lloyd's Register of Shipping.

Is Fee Paid
