

RD REPORT on the

"President Fillmore"

It is submitted the following telegram be sent to the New York Office:

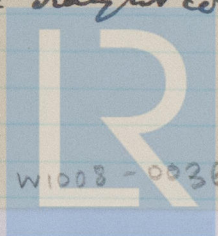

"President Fillmore summer molded draught as open & shelter deck under Convention about $34'-0\frac{1}{2}"$ stop. If tonnage - spring closed an increase of twelve inches on above draught can be approved"

87.B.

29.2.40.

Mem. Mr. W. Thomson in reply to telephone enquiry stated that the increase of 12 inches referred to in the endorsement dated 28th instant may be given above the Convention C.B.S. Draught. The latter draught appears to be $9\frac{1}{2}"$ more than the draught corresponding to the freeboard assigned in 1903
