Dear Sirs,

s.s. "LILY".

We beg to acknowledge receipt of your letter of the 2nd instant reminding us that Special Survey of the Boilers of the above steamer is due, and we have to advise you that we propose to do this on the return of vessel to this country. She is now on passage to Canada to load for the U.K.

In view of the fact that the Tail end Shaft was drawn at Belfast in February, lignum vitae changed, and gland repacked, we shall be glad to hear if this can be considered as Survey of propeller shaft having been carried out.

We await your news.

Yours faithfully,

FOR AND ON BEHALF OF

LYRAS & LEMOS BROS. LTD.

W. S. Lyras

DIRECTOR.
