

17th December, 1947.

Dear Sir,

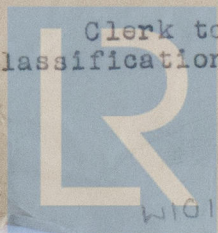

S I duly received your letter of the 8th instant respecting the steamer "TOMBOUCTOU" and note your remarks which are appreciated.

Having regard to her age and reported condition, the Committee are not prepared to authorise you to abridge repairs to those considered essential for a lesser period, and you should inform the new Owner that if reclassification with this Society is required, it will be necessary for the full requirements of Special Survey (D) to be complied with and for the repairs considered necessary by you for the assignment of that Special Survey record to be complied with in their entirety.

Yours faithfully,

D. A. MacFarlane, Esq.,
MARSEILLES.

Clerk to the
Classification Committee
