Algiers, 24th August, 1946.

ANSD.....

" S " .

Dear Sir,

1646.- " TOMBOUCTOU " .

With reference to your remark in class letter of 14/8/46, respecting the above vessel, may I point out to you that there is an error somewhere, as I measured two sizes of stud link cable, resp. 56.36 m/m on star'd and 50.8 m/m on portside and not 58.5 m/m.

It was further stated by the Chief Officer that the length on star'd is 135 fathoms and on port side 105 fathoms, making a total of 240 fathoms = 240×1.8288 metres = 438.912 metres.

Yours faithfully,

THE SECRETARY,
LONDON.
