12th February, 1947.

Sirs,

I have to revert to your letter of the 1st November regarding the case of the Motor Yacht "AARLA" and would inform you that I was recently advised by the former Owner of the vessel, Mr. W.G. Hetherington, that she had been "ruined on ice". It is understood that another Yacht ("THALASSA") has been offered to him as a replacement.

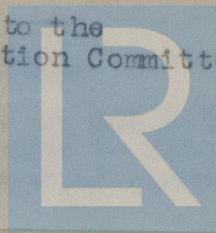

In these circumstances I shall be glad to learn whether you have any further information regarding the case if no definite action has been taken to deal with the outstanding surveys perhaps you will be good enough to return reports and correspondence sent to you on the 2nd October 1945.

Yours faithfully,

Clerk to the  
Classification Committee.

Surveyors,

REBNOCK.
