17 BATTERY PLACE

NEW YORK

31st March, 1943

The Surveyors,

SAINT JOHN, N.B.

Dear Sirs:

S.S. "RIDING MOUNTAIN PARK"
ex Dredge "FIELDING"

I duly received your letter of the 26th March, enclosing drawing No. 1509-23, showing Shafting Arrangement for the above vessel. It is understood that the particulars of this vessel's engines are as follows:

Twin Screw - $\frac{14" - 22" - 36"}{21"} \times 160 \text{ lbs.W.P.}$

Propellers 9'-3" dia.

66 glands to be fitted to stern
tube

Subject to the above being correct, the sizes as shown are in order and can be accepted, provided everything else is to your entire satisfaction.

Three (3) copies of the plan have ^{been} signed and are returned herewith, one (1) being intended for the builders and one (1) for the Secretary, London. I shall be obliged if you will forward the plan and copy of this letter to the Secretary, London, from your office.

Yours faithfully,

John S. Heck

Principal Engineer Surveyor.
